

Komatsu Training Academy Technical Webinars

Komatsu Training Academy has a wide range of courses available for those working in the mining and construction industries. We regularly provide our customers with technical face to face training and webinars on specific topics. These one to one and a half hour webinars are designed to discover and get more in-depth knowledge on certain features of your Komatsu equipment. Please refer to the list of available webinars below:

Webinar duration: 1 – 1.5 hours
Webinar cost: \$200 pp (plus GST)

Construction and Surface Mining

Topic	Short descriptor	Date	Time
iMC Dozer	An introduction to the Dozer iMC technology	21/09/2020	10.00am
iMC Excavator	An introduction to the Excavator iMC technology	22/09/2020	10.00am
Komatsu manuals	A guide to finding information in a Komatsu construction sized machine manual	8/09/2020 10/09/2020	10.00am 1.00pm
Electrical diagnostics	An in depth look at different types of sensors and how to test them	10/09/2020 17/09/2020	10.00am 1.00pm
Introduction to 830E-5	An introduction to the changes on the new 830E-5 EDT	15/09/2020 18/09/2020	10.00am
Basic troubleshooting	A guide to a logical way to go about troubleshooting faults	21/09/2020 24/09/2020	10.00am 1.00pm
Introduction to Tier 4	Introduction to Tier 4 engine	29/09/2020	1.00pm
Shovel overview	Basic shovel introduction on major components, size, history and characteristics	6/10/2020 8/10/2020	10.00am
EWL introduction	LINCS operating system and basic operation	8/9/2020 15/9/2020	1.00pm

Underground Mining

Topic	Short descriptor	Date	Time
Introduction to longwall	Introductory session on the history of LW mining methods and equipment	15/09/2020 29/09/2020 13/10/2020 27/10/2020	9.00am
Dynamic chain tensioning	Overview of components and function of DCT	16/09/2020 7/10/2020	9.00am
HFX bolter introduction	Mechanical / hydraulic overview of the HFX bolter	16/09/2020 23/09/2020 7/10/2020 22/10/2020	10.30am
Armoured face conveyor electrical	Overview of components and function of the AFC	28/09/2020 14/10/2020 21/10/2020	9.00am
HFX bolter operator introduction	Introduction to basic operator features of the HFX bolter	14/09/2020 24/09/2020	9.00am
BPX operator introduction	Introduction to operating the Faceboss 2 BPX remote	17/09/2020 30/09/2020	9.00am
