

Precision Built-in: 3DMG + Payload Tech Bundle - From \$22,500^{+GST}

Komatsu's first-fit tech bundle installed at the point of purchase – no third-party installs, no retrofit delays.
Just accurate, productive earthworks from day one.

Available on all new 13–50t excavators, this game-changing bundle includes:

- **3DMG + Payload** – Real-time 3D Machine Guidance + load monitoring
- **Smart Construction Fleet Lite** – Payload reporting from the jobsite
- **Smart Construction Remote** – Remote access and updates
- **12-Month Gold Support** – Dedicated support
- **48-month / 8,000-hour warranty** – Peace of mind built in

This is genuine Komatsu technology – **built, fitted and supported by Komatsu.**
